J.M.J. COLLEGE FOR WOMEN (Autonomous)  
TENALI - 522 202

## Profile of the College

**JMJ College for Women (Autonomous)**, Tenali is a Catholic Minority Institution founded by the **Society of Jesus Mary Joseph** in 1963, with the primary objective of providing education to the young rural girls, especially belonging to the Christian Community. But it admits other students also irrespective of caste and creed. Its mission is to empower the rural youth and others who are socially and economically backward to serve the society with competence, commitment and compassion.

The college has well furnished class rooms, full equipped laboratories, English Language lab, Internet facility, Seminar rooms, Auditoriums, Gym, Play Ground and Excellent Hostels with hygienic conditions. The dedicated Management and the staff are always at the service of the students. The College provides a gamut of services including financial assistance, career guidance, mentoring, remedial coaching, earn while you learn programmes, certificate courses and Career Oriented Courses along with number of UG & PG courses. These services aim to enhance the students skills and prepare them to face the challenges of the world. There are number of quality circles, committees, clubs and cells to organize various curricular, co-curricular and extracurricular activities for the staff and students. IQAC plays a prominent role in all the operational activities of the institution to maintain the quality and for the holistic development of the students.

## About the workshop

Higher education is very important for a developing country like India. India has produced scientists, engineers, technologists, doctors, teachers and managers who are in great demand all over the world. Now it is one of the top ten countries in our industrial and technological capacity, because of the significant contribution of manpower and tools provided by higher education, especially, technical education. India has already entered to the era of knowledge explosion. Higher Education provides opportunities to the people to reflect on the critical social, cultural, moral, economic and spiritual issues facing humanity. It contributes specialized knowledge and skilled persons for national development. Education is an essential tool for achieving sustainability. To develop India as an education hub or to become a prosperous partner in global economy, India has to qualitatively strengthen education in general and higher education with research and development in particular. This workshop aims to identify and provides solutions for emerging issues and challenges in the field of Higher Education in India.
